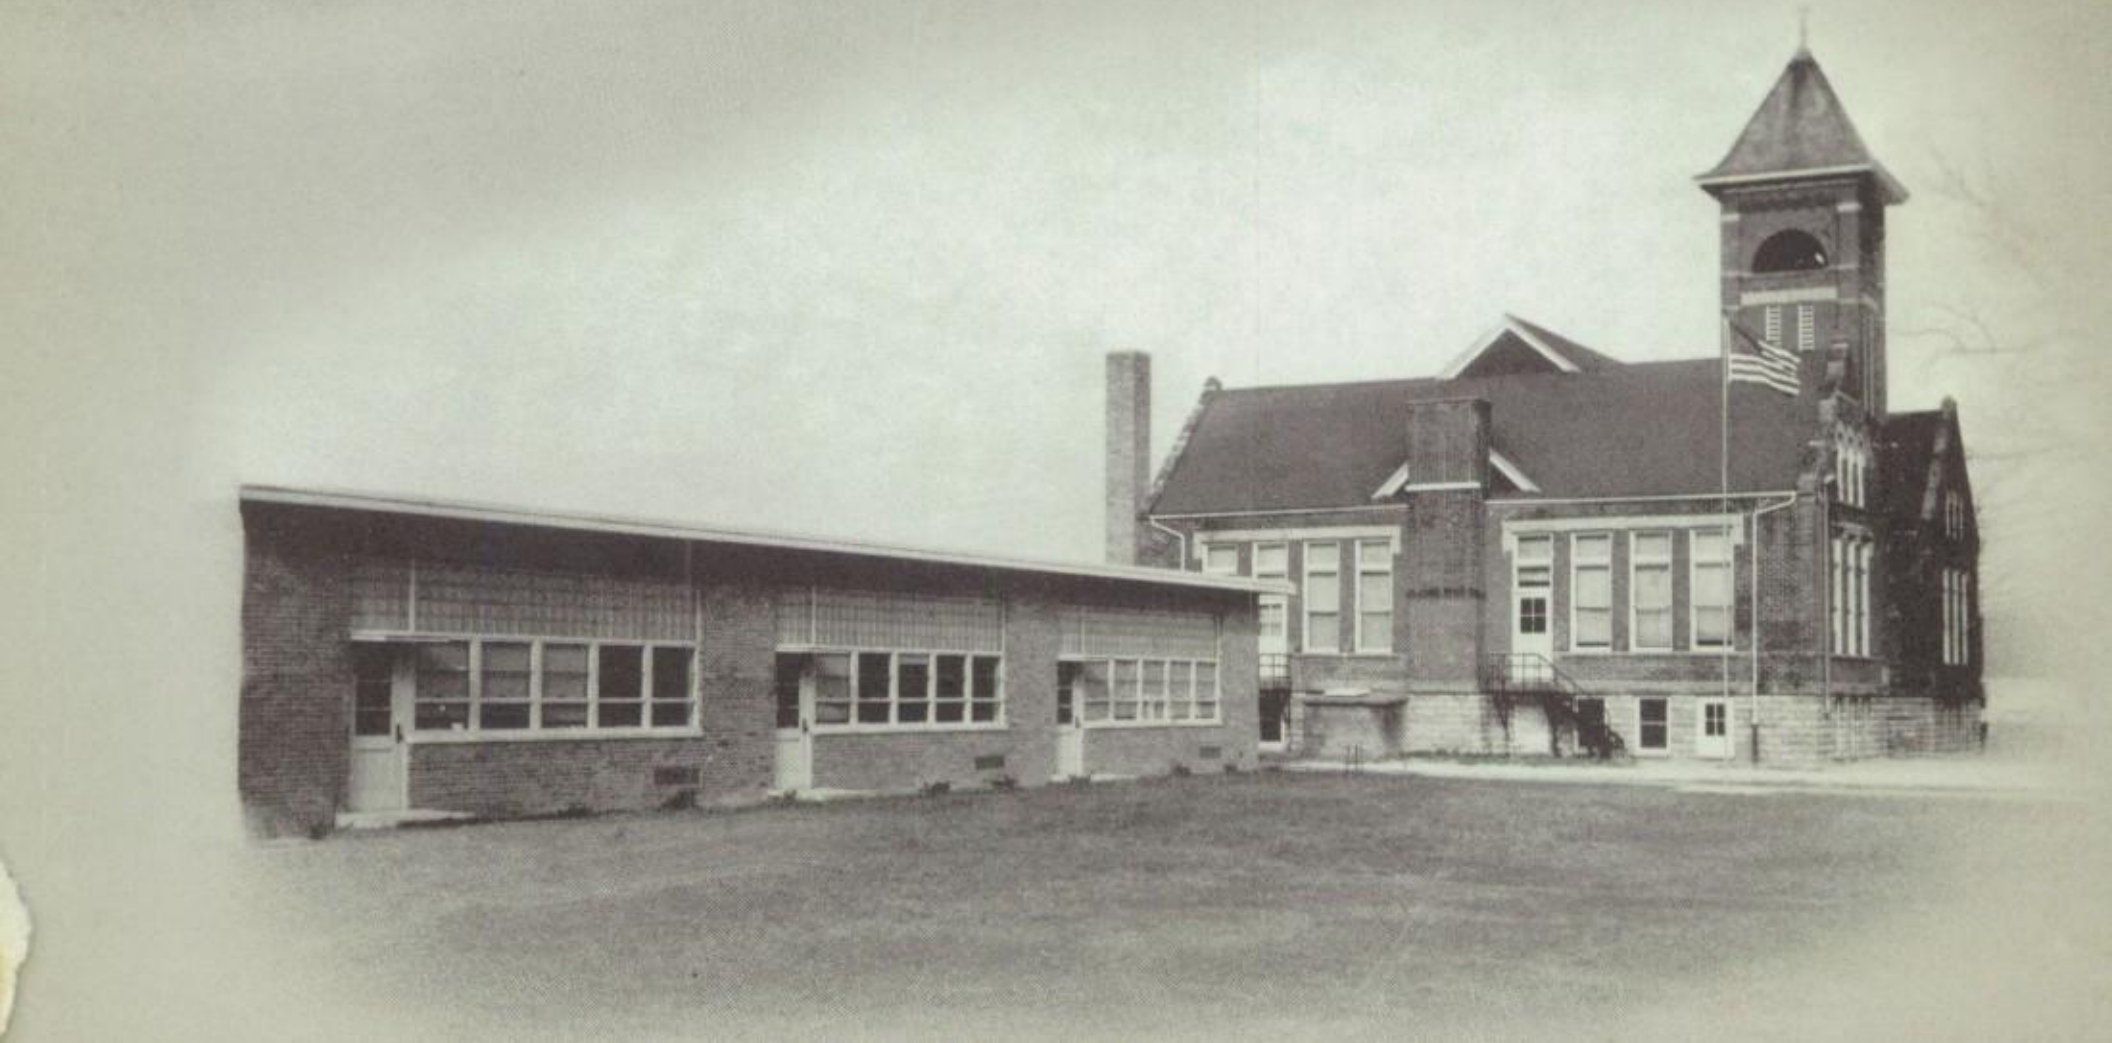
LAKE HIGH SCHOOL



The 1963 Aura

presented by the Aura Staff

Lake High School

Millbury, Ohio

Volume III

Editor: Judi Cremean Advisor: Mrs. Dora Shaw

Dedication

This is Francis . . . optimism is his creed, wit his byword; the personification of cleverness, his contagious grin is the cause of many epidemics.

In addition to being president of three school organizations (including the senior class) and his church youth group, Francis was honored at a Kiwanis Club banquet, was named football's most valuable player, and received Lake's "First Citizen Award" when he became a naturalized citizen in his junior year.

The annual staff takes pleasure in dedicating the third edition of the Aura to Francis Lazzaro, Lake's ambassador of friendliness.

Foreword

Assets? List determination;
Also modest confidence.
Accomplishments? The culmination
Of our goal: experience.

Errors? Hear our blithe confession:
We've made our share, yet we maintain
They each have taught a worthwhile lesson:
Made us richer through a gain.

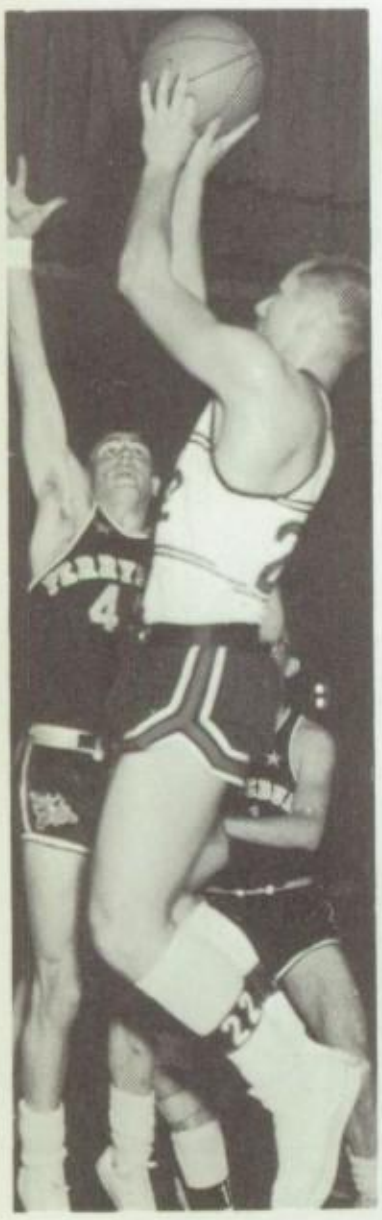
Goals? What goals a youth can name,
Attempt with Youth's determined strife!
With pride we take a giant step
Toward maturity and life.

Potentialities? They're ours.
Our race for space with foreign lands
Depicts our staunch and steadfast powers—
The world is in our eager hands.

Ellen Markin

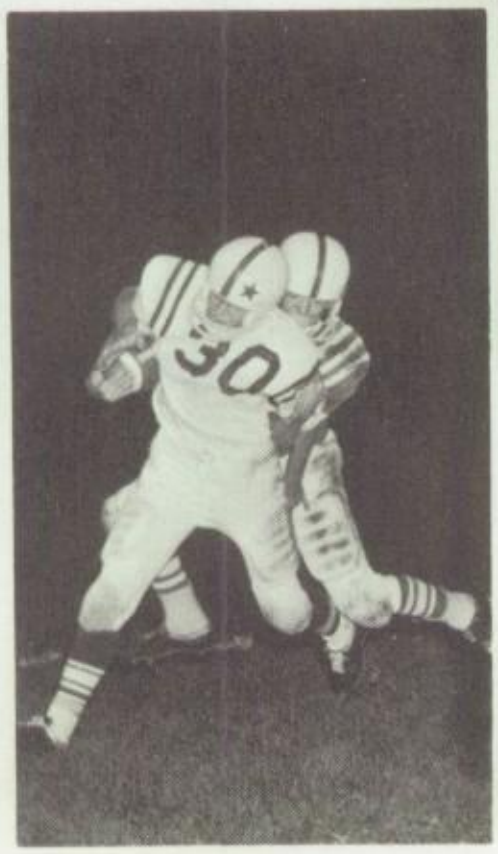
Behind these doors

a stranger finds mischief,



sports. . . .

. . . and struggling minds.

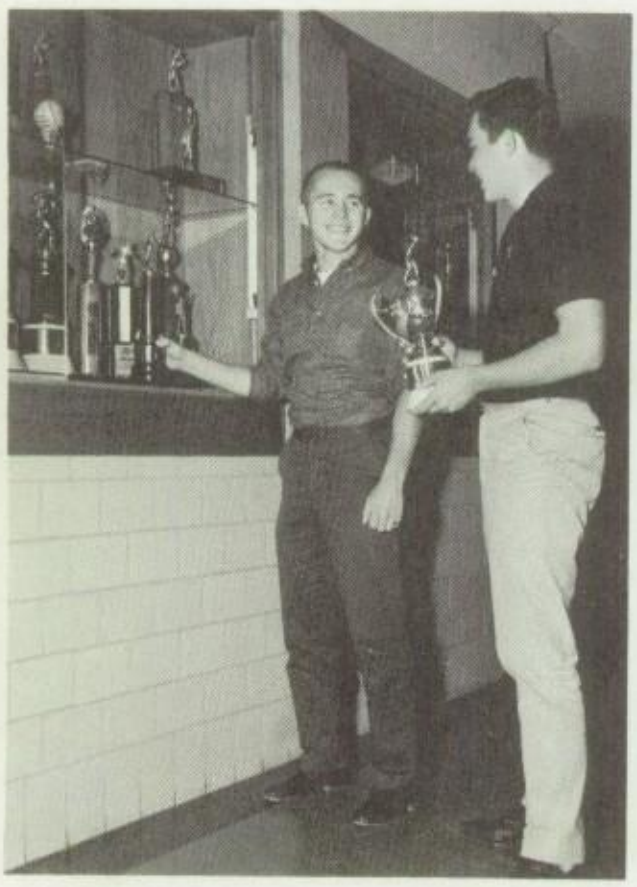


We've fought,

we've cheered.

we've worked.

we've yelled;

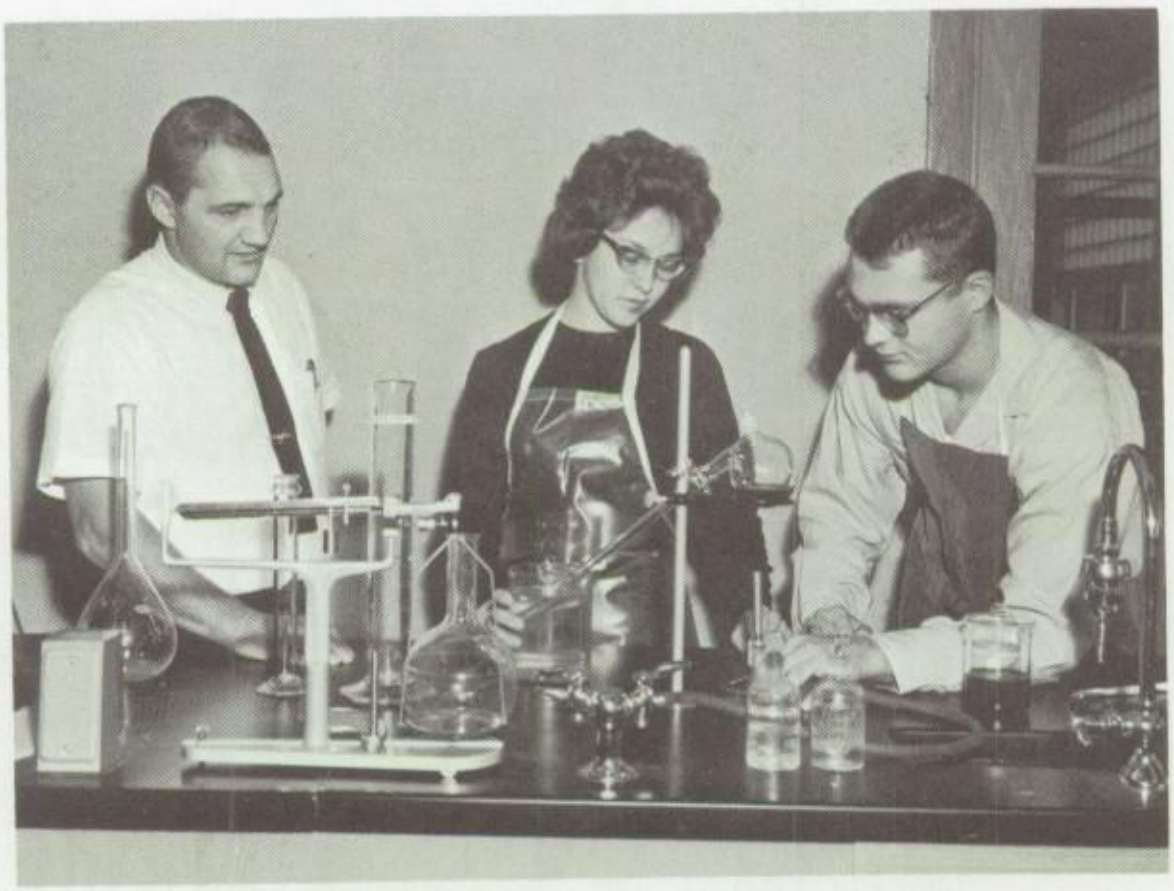


But don't deny that we've excelled.

We've learned to sing.

to type.

to sew



Seek new horizons,

make things grow.

We've sought to master language.

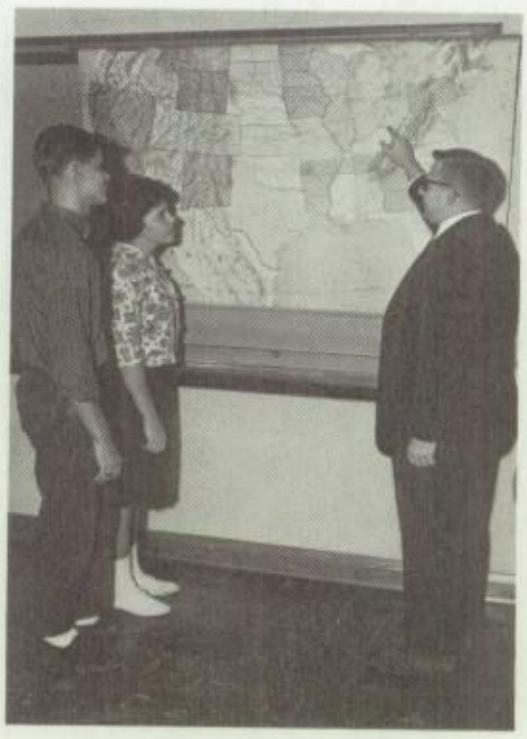
math;

And tolerate the teachers' wrath.

In proud salute,

we raise our hand

To our school and friends,



and to our land.

Executive Head

Because a thorough high school education includes such a wide variety of fields, a student benefits from the knowledge of many persons. Administrative heads attend meetings and conferences and gain information which better equips them to direct the operation of the Lake school system.

The Lake Billboard, a newspaper published tri-yearly, informs parents and faculty of current conditions in the administrative department.

This year the school board was successful in obtaining passage of the two school levies, and also in contracting the builders for the 13-room addition to the Lake elementary building.

You Can't Go Wrong...

Nobody should ever consider his education complete. You can't go wrong by getting as much schooling as possible. So strongly does Toledo Edison feel about this that we finance three scholarships a year at the University of Toledo.

Lots of college graduates find Toledo Edison a good place to work. Investor-owned electric companies offer interesting careers in many fields. You might want to look into this.
